

# **Instrumental**

**At Northbrook we believe that the sum of all our Components is much greater than any of us could be individually. Nothing could be more accurate when talking about Northbrook Instrumental. Week in and week out we come together and do everything possible to present our best offering of worship. Northbrook rarely uses tracks which means it is up to this ministry to carry the ball week in and week out. Do you have to be a world class musician? Certainly not. Do you have to be dedicated and have the heart of a servant to be part of this incredible team? For Sure. Want to know more? don't hesitate to call me or contact me [here](#), or call me at 256-734-6401. *Chuck***
